One Man Dies, Two Others Are Hurt During Chase, But Auto Nabs Bruin.

NEW YORK, Nov. 29.—An impromptu bear hunt in Central park was the most thrilling event of Thanksgiving day in New York. In the excitement of the chase an assistant keeper of the Zoo dropped dead of heart disease, a patrolman had a large chunk bitten out of his right caif, and a soldier had a part of a thumb nipped off while pursuing bruin up a tree.

There is every reason to believe that the bear would have escaped had it not inadvertently got in the path of an automobile. It was swaggering across a road in the direction of the topmost tree in the park when the motor collided with it. The car war considerably damaged and the cub's spirit was broken.

The hear was finally lasseed by a broken.

The bear was finally lassooed by a mounted policeman, who once was a cowboy. Humbled, the animal was dragged back to the cage in the Zoo from which it had fied.

The cub was mascot for the Twenty-second United States infantry until it became too boisterous for the barracks.

HUN ADMIRAL PROTESTS ON TAKING DOWN FLAG

LONDON, Nov. 29.—Admiral von Reuter, admiral of the German fleet which surrendered to the allies on Nov. 21, has protested against the order of Admiral Sir David Beatty, of the British fleet, directing that the German flag be hauled down. He points out, according to an admiralty statement, that internment in a British harbor is under the terms of the armistice equivalent to internment in a neutral port, where, in accordance with precedent, flags are allowed to remain hoisted. He adds.

"I esteem it unjustifiable and contrary to international custom to order."

"I esteem it unjustifiable and contrary to international custom to order the striking of the flag on German ships. Moreover, in my opinion, the order to strike the flag was not in keeping with the Idea of chivairy between two honorable opponents."

Admiral Beatty, calling attention to the fact that the armistice merely suspended hostilities and that a state of war still exists between Germany and the alilies, has replied:

"Under the circumstance no enemy vessel can be permitted to fly its national ensign in British ports withe under custody."

Those subject to sick headaches, backache, billious attacks, constipation or any form of stomach trouble are urged to get a quarter pound of lime-stone phosphate from the drug store and begin enjoying this morning inside bath. OFFICER FOUND GUILTY.
